

Men in Early Years

Southampton Area Group

Notes from meeting, Wed 3rd July 2013

David gave feedback on the 1/2 day Capita briefing in London last week on Men in Child-care. He said it was a very positive and poignant event which demonstrated the passion, commitment and inspiration of the male contributors. Hopefully there will be a follow up.

There had been a discussion there on the possibility of combining resources at a national level to produce publicity materials eg video footage, for use by all networks.

The following actions / suggestions were agreed -

Logo — David will now chase this up as not possible at City College for organisational reasons.

Schools work — Still working towards September launch for work into schools—to go into schools to talk to children about their career choices and to promote Men in Early Years as a career option. Gary will have list of careers events. We will have some fliers available. Looking for volunteers willing to cover 1 or more events.

Next Meeting: 7pm Thursday 19th September 2013
at City College, Chapel Road, Southampton SO14 5GL
(*meet at reception*)
